

Welcome to **CAPA**

President Corner

Building on the success of the Global Chinese Petroleum & Petrochemical Technical Conference in June in Taipei, CAPA will hold a petroleum and petro-chemical technical symposium on October 21 at the Marathon Oil Tower. The theme of this year's symposium is set as "Opportunities and Challenges

for Conventional and Unconventional Recourses under High Cost Environment". This includes upstream, downstream, conventional and unconven-tional resources, as well as domestic and international plays. It will again serve as a great platform for Chinese American petroleum professionals to interact and share with each other the latest advancements in tech-nologies and new industry trends. In addition, the SEG Foundation is sponsor for student paper contest at the symposium.

We will present you six keynote speeches in the morning session:

- Alex Martinez, Manager, Unconventional Resources, ExxonMobil
- Keith Lynch, Manager, Drilling Technology, ConocoPhillips
- Robert Hobbs, CEO, TGS
- David Roberts, EVP & COO, Marathon
- CJ Liu, Former CAPA President, ConocoPhillips
- Clay Bretches, VP, E&P Services & Minerals, Anadarko

There are also twenty-four excellent technical presentations covering Exploration, Subsurface, Surface Engineering, HSE, Business Development, Downstream, and Alternative energy in the afternoon. Through this activity, CAPA intends to provide a strong technical exchange platform among its members and to help excel our industry.

I am looking forward to seeing you at the Conference. Please register yourself via www.capaus.org.

Yu Li

2011 CAPA President

CAPA and China University of Petroleum to Establish a Sino-US Training and Consulting Center for Advanced Petroleum Technologies

Upcoming Events:

- **2011 CAPA Petroleum and Petrochemical Technical Conference**

When: Oct. 21, 2011

Where:

Marathon Oil Tower
5555 San Felipe Rd,
Houston, TX 77056

Fee:

Members: \$40
Student members: \$30
Family guests: \$60
Non-members: \$60

Registration:

- **CAPA Annual Picnic**

When: Nov. 13, 2011

Details are coming soon at the CAPA website www.capaus.org

Welcome to **CAPA**

Recent Activities

CAPA/BP 2011 Career Development Forum (Top)

August 6 - CAPA and BP Asian Network in Houston (BPANH) jointly hosted the 2011 Career Development Panel Discussion at the BP campus on the energy corridor. The event was very well attended. More than 100 people participated in the forum.

Several panelists came and shared their personal experiences and advice on

selected topics such as campus recruiting, job interviews, corporate culture, internal training, and career management. The panelists included Shahid Javed (Chief Procurement Officer, BP, North America Gas), Tom Smith (Board of Directors, SEG Foundation), Jie Huang, (Senior Advisor, Hess Global E&P Technology), Jane Zhang

(Global Deepwater R&D Manager, Shell), Linda Clark (Former Personnel Manager, Schlumberger), and SK Chang, (Former VP of Schlumberger Technologies, Beijing).

Following the panel discussion, participants were separated into small groups to further discuss issues related to some common themes.

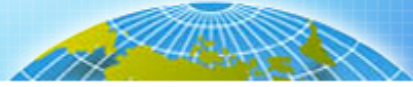

June 4 - The 2011 Science, Engineering and Technology Seminar (SETS) (co-sponsored by CAPA) was successfully held at Sugar Land Marriot Hotel in Houston.

June 29 - Over two hundred people participated in a half-day technical exchange symposium at Beijing, following the GCPPT (Global Chinese Petroleum and Petrochemical Technical Symposium) in Taiwan.

This symposium was co-hosted by CAPA, Chinese Petroleum Society, and SEG **(Right and Bottom)**

於1979年我担任北美地球科学会会长，适逢中国大陆开放，有地质师及地球物理师来休士顿培训，其中Amoco队张启明，陈笃恭常来寒舍聚餐。不久经张启明介绍其北京主管邱仲健与地球科学会会员会聚。姚风北在邻居亦来参加此一聚会。於1980年翁文波及凌沛铭等地球物理勘探官员来休士顿参加美国SEPM大会，我邀请他们到寒舍过感恩节，翁文波口头邀请我访问大陆。1981年初北京石油部之一副主管李玉率团来休市，他们与北美地球科学会会员在寒舍聚会时，鼓励地球科学会会员到大陆做交流。

1981年夏天，何通澐(Conoco)，谭哲良(City Service)及本人(Mobil)乘坐中国民航到北京。总领馆科技组王勉烁领事承办并联络大陆石油部。石油部陆思恭与焦多奎来机场接机，住北京友谊宾馆。当晚由石油部外事局长窦炳文在全聚德招待。次日我们三人发表文章，这是首次地质地球化学之学术交流。主客都充满好奇。次日石油部招待游北京市区及动物园，晚上我们宴请翁文波(地球物理教授)、黄汲清(地质教授)、陈乃昌(政协委员，全国工商联副主任)、韩勃(地质部采购经理)及宋秀珍(地质师)。第三日游八达岭，晚上欣赏舞蹈剧。

1983年姚风北建议成立在美华人的石油专业团体。筹备会议在我家开。参加者有姚风北，季文伟，佟秉亚，黄万生，程桐，曹裕璜，吴大成，黄武良，林振荣，林秋成等人。石油协会在1984年初正式成立，姚风北会长，佟秉亚为副会长，我为地质组长。经费由会长及会员支付。会长任期一年。会章规定石协为一非政治及非盈利性之组织。第二届选举增加了外海组，经济分析组及电脑组。第三届选举，我竞选会长，并邀陆之雄参选副会长。又增加能源组，由靳叔彦担任组长。这一届石协由季文伟担任地质组长，詹孝傑担任外海组长，张文华担任文康组长，项海丽编写刊物，谭秋晴对外公关，年会是陈桂馥担任司仪。

CAPA与中国石油大学(华东)签订合作交流协议

日前，2011年全球华人石油石化科技研讨会在台北举行。研讨会由台湾中油公司承办，主题为“迈向低碳经济的新纪元”。来自海峡两岸各大石油公司和美国华人石油协会等单位组织的180余位专家出席会议。与会专家围绕非常规天然气利用、清洁能源发展、低碳技术研发及节能减排、煤层气面临的机遇与挑战、高值低碳趋势等问题展开研讨。

会议期间，美国华人石油协会会长李玉女士和中国石油大学(华东)副校长查明分别代表双方签订合作交流协议。根据协议，双方将重点在国际人才培养、科学研究和学术研讨等方面开展全面合作交流，共建“中美先进石油技术培训咨询中心”，针对国内外油气勘探、开发及相关基础研究、重大难题研究等进行交流合作，加强研究生及青年教师培养合作，交换公开发表的学术资料和学术资讯，联合举办学术会议、学术讲座等。

全球华人石油石化科技研讨会定期在美国、中国大陆和台湾地区召开，旨在推动全球华人在石油石化科技领域的交流与合作。2013年将在广东省深圳市举行，中国海洋石油总公司承办。
